FRANCE.

THE PACIFIC PROTESTATIONS OF THE GOVERNMENT.

PARIS, Feb. 8.—The actual diplomatic relations existing between the Emperor Napoleon III. and His Holiness Pope Pius IX. have suddenly assumed a much cooler aspect, and the correspondence between Paris and Rome is to-day regarded as of a far less cordial character on the part of the Emperor than what it was even a week ago. It is said that the cause of this unexpected change in the imperial policy is to be found in the fact that His Majesty has become convinced of the existence of Bourbon intrigues against his throne, and that these intrigues are for the most part hatched in Rome, and radiate from the Eternal City, to the great encouragement of the Legation party in France and other countries of Europe. As a royal set-off to this state of affairs, and it may be to convince the Pope and his prominent ally, the King of Naples, of his power, Napoleon has renewed with King Victor Emmanuel his friendly tone and assurances toward united Italy, and has just forwarded a special order to his representative, the French Minister in Florence, to that effect, and also enjoining him to shape his diplomacy with that object.

THE BILL FOR THE REGULATION OF THE PRESS.

—REJECTION OF A LIBERAL AMENDMENT.

Feb. 9.—The bill for the regulation of the press is still under discussion in the Corps Legislatif. Last week the Liberals proposed as an amendment to the bill, to insert a clause specially providing for the trial by jury of all offenses of the press. After a heated debate the vote was taken yesterday on the amendment, and it was defeated by 300 Nays to 25 Yea. The French Government has consented to expel the Hanoverian refugees from the soil of France.

SPAIN.

THE PAPAL LEGION TO BE DISSOLVED.

MADRID, Feb. 8.—None of the troops raised in Spain by the authorization of Queen Isabella for the service of Pope Pius IX. will go to Rome, as Her Majesty has received an official dispatch from Paris, stating that the Emperor Napoleon III. flatly objects to such interference; indeed, that he would severely punish their presence on his duty in the Holy City. It is pretty certain, therefore, that the Hispano-Papal contingents, for which some recruitments have been made here, will be at once disbanded, and that the Queen will be obliged to revoke her military warrant issued in support of the chair of Peter.

ITALY.

ADMIRAL FARRAGUT'S RECEPTION IN FLORENCE.

FLORENCE, Feb. 8.—Admiral Farragut of the United States Navy, who arrived in this city yesterday from Genoa, remains a much honored visitor. The Admiral enjoys the most marked attention on all sides; royal, official, and at the hands of the municipality and people at large. The United States fleet, in command of Admiral Farragut, is at Spezia.

MOVEMENTS OF ADMIRAL FARRAGUT.

Feb. 9.—During the stay of Admiral Farragut in Italy, the fleet under his command will be stationed on the coast between Genoa and Civita Vecchia.

ANTHONY'S RECRUIT FOR THE PAPAL ARMY.

PARIS, Feb. 8.—Young Anthony, the heir of the late Maximilian, has lately enlisted in the Papal zouaves at Rome.

ABYSSINIA.

REPORT FROM THE BRITISH HEADQUARTERS—A DIVISION IN ADVANCE—MOVEMENTS OF THE EGYPTIANS.

ALEXANDRIA, Egypt, Feb. 4. via MALTA and LONDON, Feb. 8.—Advices of a late date have been received here from the officers in command of the British expedition in Abyssinia. The Queen's army was in advance to the interior when the dispatches left headquarters. A force of 1,500 men, embracing detachments from each arm of the service, marched from the camp at Serate for Antolo, on the 20th of January, in obedience to an order from Major-General Napier. The native castes from India, who had followed the regular army in large, and often embarrassing numbers, were being returned to their own country by the transports from Annesley Bay, with the exception of just so many as were absolutely required to serve in different positions, for the most part of an inferior character, in the camp or the Commissariat Department. The British troops are indebted to American invention for a great—it may be said vital—relief during their march. Water has been bored for and wells sunk, according to an American plan, at a place called Koomagloo, in the line of operations. The work was perfectly successful, the water pouring in and continuing to flow in great abundance. The coast shore line at and between the different points of landing established by the English has been fully lighted, rendering the movements of transports and war vessels secure, and facilitating the work of debarking or loading with men, materials, and military stores vastly. It is reported in Alexandria that the Egyptian Governor, established at Quasnah according to an agreement between the English authorities and the Viceroy, has been recalled, and that this step meets the approbation of the Cabinet in London.

GERMANY.

COUNT BISMARCK ON SICK LEAVE.

BREITEN, Feb. 8.—The Count Bismarck has obtained a leave of absence from his post as Prime Minister of the North German Confederation, and will devote several months to traveling through the various countries of Europe. His health, which has not been good for a long time, has at length compelled him to seek relaxation from his arduous duties. It is announced that the present Minister of Finance will replace the Premier.

INTERVIEW BETWEEN COUNT BISMARCK AND GEN. SCHURZ—FRIENDLY DISPOSITION OF THE KING TOWARD THE UNITED STATES.

Feb. 9.—At an interview last week Count von Bismarck told Gen. Carl Schurz that it was the most earnest desire of his royal master, the King of Prussia, to cultivate the good will of the people of the United States. This favorable disposition of the King of Prussia is regarded by the Americans here as most important, in view of the necessity which may arise for the selection of some European Power as umpire in the pending differences between the United States and Great Britain.

GREAT BRITAIN.

MR. ADAMS.

LONDON, Feb. 8.—Sir John Lubbock is sure to succeed Sir William Erie as Lord Chief-Justice of the Court of Common Pleas. It is understood that the American Minister, Mr. Adams, will take his departure from England next April.

ARREST OF A FENIAN CAPTAIN—FIGHT FOR HIS RESCUE.

LONDON, Feb. 8.—The notorious Fenian, Capt. Mackay, was captured in Cork, Ireland, last evening, by the police of that city. While the officers were en route to the jail with their prisoner, his friends allied in great force, and for a time a desperate fight prevailed. The mob was finally beaten down and the prisoner lodged in jail. The guard around the jail were doubled during the night to prevent a rescue. Captain Mackay is charged with leading the attack on the Martello tower at Duncannon.

GREECE.

FORMATION OF A NEW CABINET.

LONDON, Feb. 8.—Dispatches have been received here from Athens which state that a new Cabinet has at length been formed, with Bulgarians as the President and Minister of the Interior.

CENTRAL AMERICA.

THE AFFAIRS IN THE CENTRAL AMERICAN REPUBLICS.

From Our Own Correspondent. PANAMA, Feb. 1, 1868.

In Nicaragua, the Government, which seems determined to brook little opposition, has deposed Martinez of his Captain-Generalship, and his seat as a Senator. The General, who is very well liked by the people, professes a desire to retire from politics for the time being, and devote himself to the management of his private affairs.

Contrary to general expectation, the Government has not yet taken any steps to reorganize the National Congress. The Upper House stands at 3, and the Lower House at 6 in its favor. It is expected that all the measures of the Government will be passed, and that the National Congress will be reorganized.

Mr. W. H. Webb, President of the Central American Transit Company, and Col. J. C. Woods, Vice-President of the same company, arrived here yesterday, and time ago, to urge upon the Government more favorable contracts with their companies.

The President of the Republic has been organized by the election of Don Miramon Montoya, President, and Sr. J. Rodriguez, Secretary of the Senate, and Sr. J. Chacon, President of the House of Representatives.

The appointments of the Government was that of Don Maria Flores Calcedo as Minister Plenipotentiary to Belgium, and Sr. J. Rodriguez as Minister to the Netherlands.

The debt of the State was diminished during the past year by \$1,255,333 77, showing an increase of \$5,437 23. The debt of the State was diminished during the past year by \$1,255,333 77, showing an increase of \$5,437 23.

THE NATIONAL COMMERCIAL CONFERENCE.

PROCEEDINGS OF THE FOURTH AND LAST DAY—IMPORTANT CURRENCY AND FINANCE REPORT ADOPTED.

From Our Special Correspondent. BOSTON, Feb. 8, 1868.

This was the fourth and last day, and but one session was held, commencing at 10 o'clock, with prayer by the Rev. Dr. Robert Laird Colver of Chicago. On motion of Mr. Brunot of Pittsburgh, it was ordered that no new subject should be introduced after the action on the report of the Committee on Currency and Finance.

ELECTION OF A NEW PRESIDENT.

From the above Republic we have no political news whatever. The President recently elected to fill the unexpired term of President Canion is busy forming his Cabinet, which will doubtless be composed of such men as will be favorable to the political views of Garcia Moreno.

The reportations from this Republic during the past year have been very interesting. The President, Garcia Moreno, has been very successful in his administration. He has been able to maintain the peace and order of the country, and has been able to carry out his policy of reform.

The yellow fever has abated, and the authorities are now giving clear bills of health to foreign ports.
